

The City of Rock Hill wants to make your parking experience as easy and pleasant as possible. Paying for parking BEFORE you reach the exit arms will speed up the process and help assure a smooth egress. We will be offering Quick Pass tickets inside the event, both upon entry and at concessions. We encourage everyone to purchase a Quick Pass.

The Quick Pass allows you unlimited entry and exit to the parking deck on the day of the event, and is faster and easier to use at the exit gate. When you purchase a Quick Pass, you no longer need the ticket you pulled upon entry. Quick Passes can be purchased with cash or card during the event. The exit machines are credit/debit ONLY. NO CASH payments at the exit gate arms. (See attached images for how to scan your pass.) Please have your Quick Pass ready before you reach the exit lanes.

There is limited parking in Deck A for oversized vehicles. Vehicles over 6'10" tall will not fit beyond the first floor. "Oversize" includes high roof vans, lifted vehicles, long wheelbase vans and trucks, vehicles with ladder racks, light bars, etc. Please consider removing any bike racks, hitches, etc., when possible. We encourage you to carpool and/or drive a smaller car. Please respect the "compact parking" signs throughout the deck, as this allows for better traffic flow in those areas.

There is NO on street parking in University Center. Be aware that you may be ticketed for parking in posted "No Parking" zones.

Gates will open one hour before the event, and 45 minutes before the afternoon session. For those attending the afternoon wave, please allow time for the deck to clear. You may be asked to wait before entering the deck. EXPECT DELAYS; the deck is design to empty in approximately one hour, even under the best circumstances. By purchasing a Quick Pass, you can help speed up this process. Have your Quick Pass ready BEFORE you reach the exit.

- To use the Quick Pass: DO NOT insert the ticket you pulled upon entry. Simply scan the Quick Pass in the lower left of the machine, both at entry and exit (see images).
- Hold the pass under the QR code reader and the gate arm will lift.
- If you leave and return, there is no need to pull another ticket; simply scan the pass on the entry device for re-entry.
- If you must pay at the exit lane, it is CARD ONLY, no cash. Insert your card and follow the prompts on the screen. Do not swipe your card; leave it inserted. If you use the paymentexpress "tap to pay" device, be sure to wait for all four green lights before removing your card.

THANK YOU
